I got visions for me only
I will never give up on me

Through a hole in the wall
In a cozy strip mall
Is a tower with flowers of blue
At eight-forty-five, both myself and my mind
Will arrive at this dinner for two
We got much to discuss, a lot to decide, a bit to admit, a ton to confide
At this table I'm able to hear what's inside
And I know in my mind

I got visions for me only
I will never give up on me
I got visions for me only
I will never give up on me

Said run to the hills, journey to the seas
Fly through the clouds and climb up the trees
Do what you must 'til you can't do no more
And upon your return, treasure waits at the door
Run to the hills, travel far and wide
Swim to the shore, don't stop asking why
Do what you must in the search of the truth
You will find out in time that it's inside of you
There is no one alive who can quiet your mind
Or bring you the peace that you seek
If you look with your eyes, you'll be tired and blind
Got to learn how to search underneath
We're designed by a God who defied every odd
To create us from nothing without any flaw
When I choose to be truthful, authentic and raw
Then the Earth can exist in my palm
Say it with me, God knows

I got visions for me only
I will never give up on me
I got visions for me only
I will never give up on me

You might find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely, lonely
You might find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely, lonely

Yeah, look, only in the stillness of silence
Will you find that peace and compassion exist in your mind
You're not only sufficient, enough, but abundant
Not only sufficient, enough, but abundant
Only in the stillness of silence
Will you find the reasons for compassion and grace in your mind
You're not only sufficient, enough, but abundant
You're truly abundant
You will never find me lonely
And I will never give up on me

'Cause I got memories of me only
I will never give up on me (God knows, I got)

I got visions (Like) for me only (They're the only ones)
I will never give up on me
I got visions for me only
I will never give up on me

You might find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely, lonely
You might find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely
Find me alone, but you won't find me lonely, lonely
