

# drunk on myself

anees

Tell me what you really want...  
I been, i been...

I been drunk on myself for a while now  
Living the dream  
Treating myself like the king  
I was made to be

Man i been drunk on myself for a while now  
I got everything i want  
Not a single reason to front  
No, i'm in love with me

I searched deep (searched deep)  
Found everything i want in me  
When i searched deep  
And i found everything i want in me

Now i'm cursedly feeling worth it  
Deservedly i'm a servant of me, myself, and my purpose  
My happiness free from purchase, i'm drinking to my condition  
I'm sipping on my insurgence, i'm in love with me, yeah

Cause i'm charming, funny, and witty  
I'm hardworking and gritty  
I'm entertaining and passionate  
Meant for this like a grizzly

I'm mentally getting busy been pondering self worth  
I been learning how to love me and honor myself first  
And i found god where it hurts, in the tears of the smile  
Through the years of the pain, with the ears of a child

I made a promise  
I avowed to respect myself like a child  
Expect myself to be foolish  
Accept myself when i'm wild, i

I searched deep (searched deep)  
And found everything i want in me  
When i searched deep  
And i found everything i want in me  
And i been drunk on myself for a while now  
Living the dream  
Treating myself like the king  
I was made to be

Man i been drunk on myself for a while now  
I got everything i want  
Not a single reason to front  
No, i'm in love with me

I searched deep (searched deep)  
And found everything i want in me  
When i searched deep  
And i found everything i want in me

But, i don't need you to know that i'm not perfect  
Cause if so, you might suppose

Knowing me is not worth it

Used to be the reason  
I stacked skeletons in the closet  
I packed em deep til they rotten  
You couldn't see to the bottom  
I broke free from that prison  
Not perfect, but i feel purpose  
Worth it and i deserve it  
When i finally go on sale

I'll be first in the line to purchase  
I'm searching under the surface  
To get to what i need worst  
And i'm quenching my every thirst

I'm aware of what i deserve  
Never scared of putting me first  
Unembarrassed to self cherish  
My arrow aimed in reverse

After years of feeling accursed  
I'm kneeling down to convert  
And this ceiling can't even seal me  
This feeling so good it hurts

I been drunk on myself for a while now (while now)  
Living the dream  
Treating myself like the king  
I was made to be

Man i been drunk on myself for a while now (while now)  
I got everything i want  
Not a single reason to front  
No, i'm in love with me

I searched deep (searched deep)  
And found everything i want in me  
When i searched deep  
And i found everything i want in me

And i can't imagine another way that i could spend my days  
Self love is a necessity you cannot replace  
There's no affirmation or praise that could fill in the vacant space  
Reserved for the warm embrace that only you can create

It's not cocky or self centered to offer yourself grace  
Offer yourself a place where no judgment awaits  
Cause hurt people hurt people, that's how this cycle is shaped  
I refuse to be ashamed, i'm smiling right in my face

I been drunk (yeah, yeah, yeah)  
On myself for a while now  
Like tell me what you really want  
Past the mirror, ask the child inside  
Like what do i really want from me?
