

enough for you

anees

I-I-I just hope that someday
Someone would love me
Not enough, not enough, not enough (I'm not), not enough (I'm not)
I'm not enough (I'm not), not enough, not enough, not
I'm not enough, not enough, not enough
I'm not enough, not enough, not enough, no

I love to be the one you need
I need to be the one you love
Push comes to shove, I could be your drug
My biggest insecurity is that I'm not enough for you
Yeah, I said my biggest insecurity is that I'm not enough for you
For you, for you

I heard you say you love me like a million times
But see I got imposter syndrome so it leaks up out my mind
I heard you say you need me still
I like the way you say it and I always will
It would be nice to feel like I'm sufficient on my own
But I'm drawn to your love like a dog to the bone
Like a bird to the sky, like a drought to the desert
The way I'm designed

I, I love to be the one you need
I need to be the one you love
Push comes to shove, I could be your drug
My biggest insecurity is that I'm not enough for you
Yeah, I said my biggest insecurity is that I'm not enough for you
For you, for you

For you, for you, for you, I would lasso every star up in the sky
Bring 'em down and wrap 'em up
I found the wings for you to fly I
I would give you tenderness and empathy
See, I've been working on myself so you can have a better me
You, you're like a feeling in my soul I can't control
The way I need you to be happy, and I'm happy to be yours
There's plenty of fishies swimmin' in the deep blue sea
But I find emotion lead me always back to you and me, girl
I wanna kiss ya, I wanna miss ya
I want to be your everything
So optimistic, into the mystic
Show me all the flavors that your love can bring
I wanna be the one you need at night
And I, I wanna be the one you're holding on your pillow tight
I want to be the one you want, you need, you think of when you sleep
And baby I want everything between

I love to be the one you need
I need to be the one you love
Push comes to shove, I could be your drug
My biggest insecurity is that I'm not enough
I love to be the one you need
I need to be the one you love
Push comes to shove, I could be your drug
My biggest insecurity is that I'm not enough
(I'm not enough, not enough, not enough)

I'm not enough

I, I, I, I see what you do when you're not thinking
I'd fly to the sky on your love balloon
I could take you to the moon
I want to be the one, I want to be the one you need
I said, I see what you do when you're not thinking
I wish you could give me a kiss with you
Could you let me love you too
No excuses for my profuseness I'm just a fool
In love with you
I said I'm just a fool in love with you
And I want to be enough for you
