

love is crazy

anees

Maybe I'm insane for you, yeah

If love is crazy
Then maybe, baby I'm insane for you
Maybe I'm insane for you
Maybe I'm insane for you cause

I pulled on those strings of my heart
And they rang
And they rang and they rang for you
But, yeah, they only rang for you, yeah

But if, if love is crazy
Then maybe, baby you're insane for me
Like I'm insane for you

Cause I would walk through the rain
I would take on the pain
And I would break out the chains
Anything, I would do anything for you
I would do anything for you

And I would chase through that maze that you made
I'm amazed at the patience my brain and my heart
Set in place just to chase for you
You know that that's the reason why I wait for you
Yeah, that's the reason why I wait but if

If love is crazy
Then maybe, baby I'm insane for you
Maybe I'm insane for you
Maybe I'm insane for you cause

I pulled on those strings of my heart
And they rang
And they rang and they rang for you
Yeah, they only rang for you

Yeah, but if, if love is crazy
Then maybe that's the reason why the pain don't phase me

Still I know that you can't replace me
No other dude would do, what I'd do just for you

And I'd do anything, literally anything
You got my mind working in circles
Searching for wedding rings
Better things just appear when you're near

It's part of your magic
Yeah, the world shines a little bit brighter where you inhabit
There's an energy, an aura, a life force, and a vibe
It's the purity in your presence I truly cannot describe

If I'm not in my right mind
For loving you, that's fine
I'll happily be the lunatic

Glued to hip by your side but

If love is crazy
Then maybe, baby I'm insane for you
Maybe I'm insane for you
Maybe I'm insane for you cause
I pulled on those strings of my heart
And they rang
Yeah they rang, yeah they rang for you
But, they only rang for you

Cause you shine like the moon
You blaze like the sun
I'm amazed with your ways
Swear to God, you the one

I'm telling you, you the one
Cause it's destiny
And I'm meant for you, and you're meant for me
Yet I still can't get over you mentally
