

slip

anees

Yeah yeah yeah  
Yeah yeah yeah,  
Yeah yeah yeah, yeah  
Yeah yeah yeah, yeah

She's a queen  
The realest one anyone ever seen  
And if it turns out I'm asleep  
Then don't wake me up from this dream, I mean

If I'm keeping it real about  
How we came to be  
I ain't do nothing to deserve you  
But I keep you by any means because

Nobody's like you  
Nobody can compare  
To that shine inside of your eyes  
And that way you play with your hair

It's the way you keep it one hundred  
I trusted you with my heart  
Coulda torn me to pieces  
But had my back from the start

It makes me sick to imagine you  
Without me by your side  
No other person can give you  
Half of this love I can provide

I'm passionate about your happiness  
If I need to remind you  
The rationale for my madness  
I'm happy to tell you why cause

I see what you do  
When you're not thinking  
I'd be a damn fool  
If I let you slip

If I let you slip out my grip  
And I'm never trying to control you  
But I can't take that risk  
Not with this

Once in a lifetime  
Sportscenter, primetime  
Lifesaver, lifeline  
Right place and right time

And I'm unworthy of your treasure  
But I'm working under this pressure  
To keep you here forever

Cause you're rock solid  
Definition of loyal  
Elegant, empathetic

And enigmatically royal

You get on my damn nerves  
Bring my blood to a boil  
But your heart is where my home is  
Your soul exists in my soil

I got deep feelings for you  
I'm not afraid to show it  
We've been nurturing this love  
We were searching for so let's grow it

We were meant to be together forever  
We both know it  
If this is my chance at being your lover  
I'm not gon blow it cause

I see what you do  
When you're not thinking  
I'd be a damn fool  
If I let you slip, yeah

If I let you slip out my grip  
And I'm never trying to control you  
But I can't take that risk  
Not with this

Once in a lifetime  
Sportscenter, primetime  
Lifesaver, lifeline  
Right place and right time

And, I'm unworthy of your treasure  
But I'm working under this pressure  
To keep you here forever cause

I see what you do  
When you're not thinking  
I'd be a damn fool  
If I let you slip

Yeah, slip out my grip  
And I'm never trynna control you  
But I can't take that risk  
Not with this, no

Yeah, no I can't take that risk  
Not when I see what you do  
When you're not thinking  
I'd be a damn fool, cause

You got me straight up hooked  
Fiending after your love  
Sense of humor and empathy  
Kindness, all the above

Girl, you the total package  
You got every box checked  
But it's the way you treat others  
That really got my respect

Don't get me wrong, girl you da bomb  
And I couldn't settle for less

But it's that muscle in your chest  
That truly got me possessed

I got your heart inside my hands  
And I'm holding a firm grip  
Nobody's like you, even close  
So I'm never gon let you slip cause

I see what you do  
When you're not thinking  
I'd be a damn fool  
If I let you slip

Slip out my grip  
And I'm never trying to control you  
But I can't take that risk  
Not with this, no

No I can't take that risk  
Not when I see what you do  
When you're not thinking  
I'd be a damn fool if I let you slip
