

## **sun and moon**

**anees**

Yeah

Baby, baby, you're my sun and moon  
Girl, you're everything between  
A lot of pretty faces could waste my time  
But you're my dream girl  
You make flowers bloom  
Girl, you make the stars collide (you make the stars collide)  
And I don't know what I did  
To get lucky like this  
But it sure feels fine

Cuz you give me love and affection  
And I give you all my protection  
I'm tryna stay by your side till the day I die  
You give me all of your lovin  
I give you all of my trust  
I know you'll never betray me and leave my side, oh my

Baby, baby, you're my sun and moon  
Girl, you're everything between  
A lot of pretty faces could waste my time  
But you're my dream girl  
You make flowers bloom (girl, you make flowers bloom)  
Girl, you make the stars collide (don't you know you make the stars collide)  
And I don't know what I did  
To get lucky like this  
But it sure feels fine  
Cuz i see your face when im sleepin

I wake up grateful to breathe in  
The air you fell through  
I wrote you a lullaby

A song to sing on your pillow  
Swift as a swing on a willow  
My sweetest words are [?] birds in your perfect sky, oh my

Baby, you're my sun and moon  
Girl, you're everything between  
A lot of pretty faces could waste my time  
But you're my dream girl (girl)  
You make flowers bloom  
Girl, you make the stars collide (don't you know you make the stars collide)  
And I don't know what I did  
To get lucky like this  
But it sure feels fine

Baby, baby, you're my sun and moon  
Girl, you're everything between  
A lot of pretty faces could waste my time  
But you're my dream girl  
You make flowers bloom (girl, you make flowers bloom)  
Girl, you make the stars collide  
And I don't know what I did  
To get lucky like this  
But it sure feels fine, oh my, oh my  
Oh my, oh my, oh my

Yeah, oh my, oh my  
Baby, baby, you're mine
