what lovers do

anees

1, 2, 3, and

If you're gonna be the one for me
Imma need you to keep it true and
If I'm gonna be the one for you
Then you must let me come through

So we can do what lovers do
On the move, me and you
Just the two of us
Baby, make your move because

You been up under my skin
A hundred times
Cold as winter but
Feel like summer time

I've been focused on everything you do, yeah

Baby it's a crime
You done stole my mind
Since I met you
I don't even notice time

Maybe that's the reason why I can't stop thinking bout you, yeah

I don't know the reason
Why I feel how I feel
This is unrealistic
But somehow, it's real

It's more than a thrill
It's a whole different feel with you (with you)

But girl
If you're gonna be the one for me
Imma need you to keep it true and
If I'm gonna be the one for you
Then you must let me come through

So we can do what lovers do
On the move, me and you
Just the two of us
Baby, make your move because

If you're gonna be the one for me
Imma need you to keep it true and
If I'm gonna be the one for you
Then you must let me come through

So we can do what lovers do
On the move, me and you
Just the two of us
Baby, make your move because

No one
Ever made me feel like this

I get a whole different high
From the sight of you, girl

And I'm done (so done)
Spending my days with somebody
Who can't make me feel half the way
I know you do

Girl, if you need me then come see me
And just please let me know
Don't chase me to replace me
With somebody else who won't go to
Hell and back for you...

1, 2, 3, and
If you're gonna be the one for me
Imma need you to keep it true and
If I'm gonna be the one for you
Then you must let me come through

So we can do what lovers do
On the move, me and you
Just the two of us
Baby, make your move because

If you're gonna be the one for me
Imma need you to keep it true and
If I'm gonna be the one for you
Then you must let me come through

So we can do what lovers do
On the move, me and you
Just the two of us
Baby, make your move because...
