

Don't HMU

Anella Herim

(Oh, oh, oh)
(d.a. got that dope)

Used to walk right by when I caught your eye
Never called my name
Now you see me gone
So you hit my phone
That shit's insane
(Woah, woah, woah)
Don't hit me up now (don't hit me up now)
Don't hit me up now (don't hit me up now)
Don't hit me up now

Even my main bitch treatin me like I'm famous
I'd never change for a payment
And my exes in my DMs lookin' brainless
I'm seein' everybody change up except the main men
If they truly tracking phones, they probably thinkin' we some flight
attendants
I go back and forth from the west coast so much
Some would say I'm fightin' with it
Got me stressed out
Fourth quarter, everybody takin' breaks
Still sayin' they the best out
Fuck you talkin' bout
I'll run circles 'round you
I got five albums in the tuck (ay)
And all of 'em number ones (ay)
The same artists used to curve me on my Insta now
Jackin' content so they all lookin' like my sons

Used to walk right by when I caught your eye
Never called my name
Now you see me gone
So you hit my phone
That shit's insane
(Woah, woah, woah)
Don't hit me up now (don't hit me up now)
Don't hit me up now (don't hit me up now)
Don't hit me up now
Used to walk right by when I caught your eye
Never called my name
Now you see me gone
So you hit my phone
That shit's insane
(Woah, woah, woah)
Don't hit me up now (don't hit me up now)
Don't hit me up now (don't hit me up now)
Don't hit me up now
