

Yeah!  
Dripping wet (Uh)  
Guess I got some Fiji on me  
Spirits get to (Uh)  
Speaking got that ouija on me  
I feel better when I know I got that squeezy on me  
I feel better when I got that grim reaper on me

(Yeah)

Gold around my neck  
Heart made of ice  
Don't act surprised  
I know you ain't surprised  
I swear I'm a nice guy  
I swear I'll treat you right  
I swear, book you a flight  
No cares  
I'll make you mine (Yeah)

If I can't have you baby nobody else can  
My minds been else where  
Thinking about warfare  
If I can't have you baby nobody else can  
My minds been else where  
Nobody else cares like I do  
Roof off my coup  
I swear I've seen this before  
I don't wanna have déjà vu  
But I'm cool baby  
I swear I'm cool  
They can't do it like me, shoot it like me  
Do what I do

Yeah!  
Dripping wet (Uh)  
Guess I got some Fiji on me  
Spirits get to (Uh)  
Speaking got that ouija on me  
I feel better when I know I got that squeezy on me  
I feel better when I got that grim reaper on me  
I'm dripping wet (Uh)  
Guess I got some Fiji on me  
Spirits get to (Uh)  
Speaking got that ouija on me  
I feel better when I know I got that squeezy on me

If you ain't mine who's are you?  
Who are you?  
Why you ain't pick up when I called you?  
Where are you?  
Who are you with?  
Should've trust my gut when I saw you  
Heart breaker, I'm heart broken  
I'm just falling apart like always  
I love you, but I hate you

It's the same damn thing like always

You just won't get it will you?  
Lately, I don't even feel my feelings  
Wheres the love cause I ain't familiar  
My blood streams full of good tequila and  
You was my only kryptonite  
You know damn well you're no good for me  
But I ain't even gone sweat it  
(Sweat it)

I'm dripping wet  
I got all this ice on my neck  
If I can't have you, he can't have you  
That's as fair as it gets  
I'm tripping out without a doubt  
This shit don't matter to me  
Too many problems  
I think something is the matter with me (Yeah)

Dripping wet (Uh)
