

# Over Thinkin

Anella Herim

Weekends, back and forth you're going with me  
You know I been drinking  
So I'll say whatever comes to mind  
And you can hold it against me  
I already know you will

Greedy, that's how you describe me and my timing  
Like it's easy  
Being gone alone, I'm always tryna prove I'm  
For you and only  
Girl, you know I love you still

I'm tired of hearing you're done  
I'm tired of reading, "We're through"  
I'm tired of playing like you meant what you said  
Even though we know you never do  
I'm over taking you back  
I'm over playing it cool  
I'm over telling myself it won't happen again  
When I know it ain't true  
Girl, I'm over thinkin' 'bout you  
You, you

Just when I think it's over, around we go  
Pretend that we ain't ever been down this road  
It's loving you or leaving, I can't do both, girl  
When will you know what you want?

I'm tired of hearing you're done  
I'm tired of reading, "We're through"  
I'm tired of playing like you meant what you said  
Even though we know you never do  
I'm over taking you back  
I'm over playing it cool  
I'm over telling myself it won't happen again  
When I know it ain't true  
Girl, I'm over thinkin' 'bout you  
You, girl  
I'm over thinkin' 'bout you  
You, you

I'm over thinkin' 'bout one more lonely night  
Girl, I'm over thinkin' 'bout you not by my side

I'm tired of hearing you're done  
I'm tired of reading, "We're through"  
I'm tired of playing like you meant what you said  
Even though we know you never do  
I'm over taking you back  
I'm over playing it cool  
I'm over telling myself it won't happen again  
When I know it ain't true  
Girl, I'm over thinkin' 'bout you  
You, girl  
I'm over thinkin' 'bout you  
You, you
