

40 Degrees

Anfa Rose

Ishma just got a bunch of hash came from the north
Got Dopamine and Yo Asel to bring the noise
Just X'd a FaceTime from my ex now she annoyed
Don't get me vexed when I'm finessing with the boys
Too many talkers in the room so no ones listening then
I can't move like you do cuz you don't move efficient my friend
You acting fishy and the sharks don't swim with fishes
Come over here if you like making good on wishes

40 Degrees in Marrakech but its still not as hot as my girl
She text me from Madrid said boy lets take over the world
Keep that low-key only one that know about us is me and her
Keep that for me while I make moves off juggs and yeah that's my word

Cross boarder soarer
Bad señor allure
Dressed in something floral
Even if it's corporate
Real is at a shortage
Don't try to test the waters
You know I'd rather keep it cordial
But gotta fortify the fortunes
