Oh to me it sound crazy (Crazy)  
How you put in time and he just don't appreciate it  
Need to get out of the house more  
You getting jaded  
You at home all alone while he getting faded  
Need to stop giving chances  
He gonna take em and dip  
Now I'm dipping through your end of the woods  
And I wish a player would right now  
If he try to act tough  
Imma tell that pussy-boy pussy-boy back down  
Cos you can't claim her  
You don't even show her love when she need you 'round  
I'm a player but for her I'll prolly change my ways right now  
(Ah yeah)  
Find it wild how he can't see you there  
Find it wild how he can't see your worth  
Prolly gon miss that if you dip  
Prolly go crazy lose his shit  
If he saw you inside my whip  
Prolly go pull out that full clip  
Cos you got that shit he gon miss  
And he just don't see it

All that badonk donk in your trunk trunk I know  
He move too fast girl and you need it slow  
You need that time girl that real time for you, ohhh  
I got that time girl that real time I do

Oh to me it sound crazy  
Prolly running 'round with another lady  
I don't mean to get up all in your business  
But if you would let a real one finish  
But if you would let a real one in it  
Girl I know you done there and yeah I know you ain't silly  
You can see past all that  
Don't even hit him with a callback  
Girl just hit him with a fallback  
Text  
Girl I wanted wanted all that  
Yeah I wanted wanted all that  
Yes  
If he hit you with a sorry  
Tell his sorry ass sorry ain't paying no bills round here  
Yeah I know how it feels round here  
Did it once did it twice  
Yeah it kills round here, ah yeah

All that badonk donk in your trunk trunk I know  
He move to fast girl and you need that slow  
You need that time girl that real time for you, ohhh  
I got that time girl that real time I do

Oh to me it sound crazy  
Switch sides switch sides good bad no lie  
Hit that comeback you know I like

4 play 5 play 6 play 7 play yeah  
1 day 2 day 3 day everyday yeah

All that badonk donk in your trunk trunk I know  
He move to fast girl and you need that slow  
You need that time girl that real time for you (ohhh)  
I got that time girl that real time I do

Girl I see you in your skin tight dress  
And your lipstick wet god damn  
Find it hard to settle down  
Yeah hard to settle down  
But for you I can  
Oh you looking in the mirror  
Oh you checking out your body  
Got you feeling insecure  
He never told you, you a hottie
