

# Drunk

Anfa Rose

This thing is deeper than a bitch  
I don't sleep with no one else  
I get checks from how I live, and you still check on me when you with someone else  
I get on you when I'm drunk  
I text on you when I'm drunk  
I get horny when I'm drunk  
Get up on me when I'm drunk

Touch up on me when I'm drunk, yeah  
Talk about it in the morning  
New coupe and its foreign  
It go skrt skrt, we be soaring  
Tomorrow morning might be sore, yeah  
Promise you won't be sorry  
Probably should cancel all your plans tomorrow because I'm going in in the morning, in the morning

Woah  
I just wanna press rewind  
Back when it wasn't so complicated between you and I  
Woah  
I just wanna press rewind  
Press rewind  
Press re.. yeah

I threw 10 drunks down in 2 hours  
Was on the 'Gram and I'm feeling jealous  
Someone take away my car keys  
Imma end up driving out to your house  
I don't know where you lay now  
Are you still living with your momma?  
Let me come through, get it poppin  
And get you hotter than a sauna  
And on my longevity, thats what you said to me  
I gotta pull you up on your words  
Pull you up on all the things you said  
And then you gone tell me that I'm the worst  
Worst best thing that ever happened  
Played out like the kid is dabbin  
You don't know the half, like a fraction  
Wish I could show you everything that happened

Woah  
I just wanna press rewind  
Back when it wasn't so complicated between you and I  
Woah  
I just wanna press rewind  
Press rewind  
Press re..

I get on you when I'm drunk  
I text on you when I'm drunk  
I get horny when I'm drunk  
Get up on me when I'm drunk  
I get on you when I'm drunk  
Don't record me when I'm drunk

I get horny when I'm drunk  
Get up on me when I'm drunk
