

# Free Time

Anfa Rose

I kept it real from the gate (from the gate)  
I could've said a lot of things (lot of things)  
I tend to grow with the pain (with the pain)  
'Cause I'm good at letting go of things

And you know I'mma find a way, I find a way, I find a way  
And you know I'mma find a way, I find a way, I find a way  
(Ooh, ooh, ooh)  
'Cause you know  
Free time don't seem so free no more (no more)  
I said this  
Free time don't seem so free no more (no more)

We got  
No more free time  
All I know right now is God got me, God got me  
We got  
Rari speed of light, foresight close your eyes, your eyes

I know I'm not perfect  
Made a couple mistakes  
Don't judge what you don't know  
If you don't know the stakes  
Do what I did to get where I am, you couldn't relate no  
I know Lord's mercy keeps me away from all of the snakes now, no no  
Lately I've been having visions (having visions yeah)  
Made me cut off hinderance, who ain't down with the missions yeah (down with  
the missions)  
Got me living with no limits (with no limits yeah)  
Gauging your intentions, I subtract when there's division

I got one or two things I could say (I could say, yeah)  
One or two things on the way (is on the way, yeah)  
Big big bands in the bank (racks, racks, racks)  
But before we get to that I'mma pray

'Cause you know  
Free time don't seem so free no more (no more)  
I said this  
Free time don't seem so free no more (no more)

We got  
No more free time  
All I know right now is God got me, God got me  
We got  
Rari speed of light, foresight close your eyes, your eyes (your eyes, your e  
yes, your eyes)

Freer by the day  
You end up freer then you freer either way  
Freer by the day  
You end up freer then you freer either way
