

frozen tears

Anfa Rose

Yeah

Oh, when I let you go
And I thought I lost everything, with you
Now each time I re-live the news
And I try to count all my ways back to you (All I do is keep on)
I realize I'm better off
Than when I thought I had everything, with you

Tears turn to ice looking for a vice
She ain't nothin' nice, but she look nice
Drink all day, drink all night
I can't pretend this is alright
Posted with my dawgs, they the ones who get it, yeah
Same ones, they get they percentage
If you ain't like the game, gotta reinvent it
Tryna keep the profits all in our possession
Started with a little, turned into a lot
Cutting out the middle, take it from the top
I'm what I'm about, fuck what they about
If we sense doubt, then we cut them out, yeah

Oh, when I let you go
And I thought I lost everything, with you
Now each time I re-live the news
And I try to count all my ways back to you (All I do is keep on)
I realize I'm better off
Than when I thought I had everything, with you

Yeah (Yeah)

And I don't know why
We just grew apart and switched up the whole vibe (Switched up the whole vibe)
And now what's on my mind, and it might be time to leave this thing behind
You've always been my final fantasy
It might be too hard for my eyes to see
How the fuck I'm supposed to watch you leave
