

# I'm Good

Anfa Rose

We gon' stop and boo the whole team to go  
If she won't pop it then she green light to roll  
If she a queen then she get treated like it, for sure  
But cuffin' hoes that's been around the team, so know  
That last year I did some things I never thought I'd do  
'Cause last year I put up numbers no one thought I'd do  
I need the wraith and a place to live, you pingin' it  
I see the hate but all the words fall on deaf ears  
Silence

We want no distractions  
If I said I'll make it happen then I know it happen  
I barely sleep, I live on fancy captions  
Taking naps and get cold feet tryna find my step and get the traction (Yeah)  
Your fake beef's lame, you stagin' (Whoa)  
Well I fuck bitches off my stage name (Whoa)  
We not even in the same lane (Whoa)  
Stick to aiming for your Triple J place (Whoa)

And I remember how they show me love undoubtedly  
Just 'cause they lookin' out, don't mean they lookin' out for me  
Under pressure from the next to work for salaries  
I got bigger plans  
Hit me in a year and ask me how it's workin' out for me

I'm good (I'm good)  
Way I see it, if I'm doing what I want then I'm living  
If I'm living then I'm winning  
Yeah, I'm good (Yeah, I'm good)  
Yeah, yeah (Yeah)  
Nothing changed but the women and the linens in the places that I visit  
Yeah, I'm good (Yeah, I'm good)  
Way I see it, if I'm doing what I want then I'm living  
If I'm living then I'm winning  
Yeah, I'm good (Yeah, I'm good)  
Yeah, yeah (Yeah)  
Yeah, I'm good (Yeah, I'm good)  
Yeah, yeah (Yeah)  
Yeah, I'm good (Yeah, I'm good)

You hit up labels for a come-up man (Yeah)  
While labels come-up tryna use my name (Yeah)  
I'm independent, I don't owe a thing  
They chained us down so now I'm putting pendants on my whole gang (Yeah)  
Really, there's no comparison  
I see the flex, it's embarrassing  
I'm in sessions in Paris  
And I spent cheques out in Paris  
The distance ain't the only reason that you rappers ain't near us  
It's different  
We global

And life is beautiful  
Watch the ones that new to you  
There's plenty you got going on but what is they gon' do for you?  
My crew is through and through  
Don't listen to the rumors to get too caught up, that shit gon' ruin you (Ye

ah)  
I watch the hours tick (Yeah)  
I'm tryna make my parents proud as shit (Yeah)  
That's why I can't waste time with rappin' shit  
Got so much going on to think you don't see half of it  
Probably been hit up by your favorite rapper's management (Straight)

And I remember how they show me love undoubtedly  
Just 'cause they lookin' out, don't mean they lookin' out for me  
Under pressure from the next to work for salaries  
I got bigger plans
