Right Now

Anfa Rose

Fuck a slow pace, taking no days off just to get to them bands
Got her going strange, going both ways, popping off like her Instagra
m
Make it rotate, she get low mane like she know how to kick some ass
Cop the low fade, at my own place got the barer who come where I'm at
You can smell loud where I'm at
I run through pounds with the set
No run around, gelato outstanding, I don't need no percosets

Falling in love is a threat
But fuck it I love Breaking Bad
I showed her love then she dipped
I'm in the club in my sweats

I don't wanna chase you around, right now ain't got no time for that
I don't know about later on but right now I'm all yours, that's a fac
t
Just do me one favour, tell me what you down for with that back
'Cause I don't know about later on but right now I'm all yours, that'
s a fact

Rari 48, switching both lanes, all white but the tint black
I don't boast name, but she know me, word for word she know all my ra
ps
Mami coke frame, that's a no brain like her phone she be in her bag
Now we going places, got her clothes laying on the floor like a fucki
ng mat
Went from the lounge to the bed
Pull out the cam, take a flick
I got a muse that keep me amused and mind out the blues by staying we
t

Falling in love is a threat
But fuck it I love Breaking Bad
I showed her love then she dipped
I'm in the club in my sweats

Yeah, find me a dub
My dip with a two I'm moving moving 'til I tell you, um
So I fell in love
But tonight I need someone and some to give enough for the love

I don't wanna chase you around, right now ain't got no time for that
I don't know about later on but right now I'm all yours, that's a fac
t
Just do me one favour, tell me what you down for with that back
'Cause I don't know about later on but right now I'm all yours, that'
s a fact

Yeah, I don't wanna chase, just be like the summer
I don't know about later, but right now I'm all yours
Just do me a favour, tell me what you down for

I don't know about later, but right now I'm all yours
