I ain't tryna get no Zzz's  
When I tell you I wanna sleep in it  
Fuck around and call you my Habibi  
Don't make it too easy  
I think she half middle eastern  
I'm a North African but you can find me on the eastern  
I'm tryna throw you in the deep end  
Oh Ayi hablas español  
Tell me are we freakin'  
So all I need to hear is "si" then?

Girl lets get out of here, I won't lie  
I been watching you, the whole night  
For you I go the whole 18 though  
Full throttle I ain't stopping for a road sign  
Soon as you give me the green light, it's go time  
'Cuz there's no time, there's no time  
Bar cleaning out, looking like it's close time  
'Cuz there's no time, there's no time

I ain't tryna get no Zzz's  
When I tell you I wanna sleep in it  
Fuck around and call you my Habibi  
Don't make it too easy  
I think she half middle eastern  
I'm a North African but you can find me on the eastern  
I'm tryna throw you in the deep end  
Oh Ayi hablas español  
Tell me are we freakin'  
So all I need to hear is "si" then?

Off the coast of Tangier  
Slightly off the hash, yeah  
Had your heartbroken last year  
But lets leave that in the past tense  
The DJ playing Señorita  
You know all the words  
I know what you deserve, oh  
So before you leave first

I ain't tryna get no Zzz's  
When I tell you I wanna sleep in it  
Fuck around and call you my Habibi  
Don't make it too easy  
I think she half middle eastern  
I'm a North African but you can find me on the eastern  
I'm tryna throw you in the deep end  
Oh Ayi hablas español  
Tell me are we freakin'  
So all I need to hear is "si" then?
