

# Dreams Don't Come True

Angaleena Presley

[Verse]

Thought there'd be a man  
In a suit and a ten-gallon hat  
He'd give me a deal and a red Cadillac  
I'd make hit records and get hooked on drugs  
But I wound up pregnant and strung out on love

[Chorus]

Dreams don't come true  
They'll make a mess out of you  
They'll hang around the darkest corners of your mind  
They'll bleed your heart black and blue  
Don't let anyone tell you they do  
Dreams don't come true

[Verse]

I thought I'd change the world  
With three chords and the truth  
I'd be like Elvis but with lipstick and boobs  
My bra would be floatin' in a guitar-shaped pool  
And I'd flip the bird to them whores in high school

[Chorus]

Dreams don't come true  
They'll make a mess out of you  
They'll hang around the darkest corners of your mind  
They'll bleed your heart black and blue  
Don't let anyone tell you they do  
Dreams don't come true

[Bridge]

I hate to put a damper on the fairytale you pictured  
I should have known all along  
That glass slippers give you blisters

[Chorus]

Dreams don't come true  
They'll make a mess out of you  
They'll hang around the darkest corners of your mind  
They'll bleed your heart black and blue (black and blue)  
Don't let anyone tell you they do  
Dreams don't come true
