

Woman

Angel

I could take care of everyone in this room tonight

Engaging

One minute 'til self destruction

Please evacuate immediately

If it wasn't, oh, oh

In defense of all those women, oh, oh

There'd be no you and me, nothing

Could live life without lovin', oh, oh

Just live life I need, more than a woman, yeah

More than a woman, I need

Just live life I need, more than a woman, yeah

More than a woman, I need

Just to live life I need, see
