

## Big One

Angel Du\$t

This one is a big one  
So I'll love you  
Like no one else could ever love you  
Let me be your big one too  
Let me be your big one too

Don't wanna to be the lonely one  
(Don't wanna be the lonely one)  
Let me be your only one  
(Let me be your only one)

Let me be your big  
(Be your big)  
Be your big  
(Be your big)  
Be your big  
(Be your big)  
Be your big  
Be your big

This one is a big one  
So I'll love you  
Like no one else could ever love you  
Let me be your big one too  
Let me be your big one too  
(Let me be your big one)  
Let me be your big one too
