

Brand New Soul

Angel Du\$t

Brand new soul
I've been washed clean with the blood of rock and roll
There's no one that I fear
Open up your heart and sing it

Lighter than a cloud
The load no longer mine
Don't hold on to your pain
Just give it to me one more time now

1 2 3 4
Brand new soul
Rhythm and blues
That's the roots of rock n roll
Don't hold your pain inside
Give it to me
One more time now
