Love Slam

Angel Du$t

They don't like it when I free my mind
They don't like it when I let go of the past now
They don't like it when I rock it all night yeah
They don't like it when I jump into the crowd
But I-

Love slam
Turn around and do it again
Love slam

They don't like it when I close my eyes
Let the signal fade and lose my mind
They don't like it when I be myself
I wanna dive into somebody else
Because I-

Love slam
Turn around and do it again
