

Never Ending Game

Angel Du\$ť

I don't see the light
Open up the blinds
Gimme some more
No hot wheel cars on hardwood floors
Playing in black lights
Get your ass to bed
Growing up fast, racing to the edge

Trains move fast, won't stop from passing
Playing games on tracks until one crashes
Wind blows cold, go home get your jacket
With a head so thick won't get the message

I can't feel a thing
Open up my veins
Gimme some more
This one feels like never before

Trains move fast, won't stop from passing
Playing games on tracks until one crashes
Wind blows cold, go on get your jacket
With a head so thick won't get the message
With a head so thick won't get the message
Head so thick won't get the message

I can't feel a thing
