

Rectify

Angel Du\$t

Boy, you must have bumped your head
Saying those things I heard you say
Now I know you lost your mind
Acting how you do all the time
Gonna rectify
Time to rectify
One, two, three, four, five, now rectify

Now I know your screws are loose
Acting up the way you do
Now I know you lost your mind
And you don't wanna rectify
Gonna rectify
Time to rectify
One, two, three, four, five, now rectify

Boy you must have bumped your head
Boy you must have bumped your
Head

Boy you must have bumped your head
Boy you must have bumped your
Head
