

## Squeeze

Angel Du\$t

Squeeze and bleed  
You pull the rug from under me  
I can't eat, I can't sleep  
Draining the tears from out of me

I have so much to live for baby  
Please don't hex me with your love

I said "hello"  
She says "hi"  
Then she penetrates my body  
When she reaches deep inside

I've got to go  
She gets high  
When I pretrate her body  
I reach so deep inside
