

Stranger Things

Angel Du\$t

Not so strange to me
I've seen you in my dreams
Right where you've always been
Hidden like a memory

Come close
Let me carry your load

Know me now
Feel me from the inside... out
Give me all your hopes and dreams
Give me all your hopes and dreams
Give me all your hopes and dreams and doubts

Not so strange to me
I've seen you in my dreams
Right where you've always been
Hidden like a memory

Come close
Let me carry your load

Know me now
Feel me from the inside... out
Give me all your hopes and dreams
Give me all your hopes and dreams
Give me all your hopes and dreams and doubts
And doubts
