

# Forgiven / Forgotten

Angel Olsen

All is forgiven  
Alright, you are forgiven  
If there's one thing I fear  
If there's one thing I fear  
It's knowing you're around  
So close but not here  
So close  
Oh, but not with me here  
So close  
But not with me here

All is forgotten  
All is forgotten  
I've made up my mind  
I've made up my mind  
I've wasted my time  
Making up my mind  
I don't know anything  
I don't know anything  
I don't know anything  
But I love you  
Yes, I do  
Yes, I do

Will you ever forgive me  
A thousand times through  
For loving you?  
For loving you?  
For loving you?
