That I'm living do you get it oh

Till em ball walk fall a de touchey  
Flash lights and absence are those prices

When you thought that you can handle it the whole night  
Puttin in work, there's no time so, when you get tired  
I'll wake you up in the night  
Baby can you handle this?  
It's my lifestyle, once in a while  
I'm really hard to see  
Just think about it
