

## Road Closed

Angel

Babes

You're so long at replying  
You're actually terrible at replying I've figured  
I haven't got many of your time for me  
Just to get back where we are  
Ooh oh  
Gone for the road

I gotta run  
I told her we've come to the end of the road  
You should think of a way  
'Cause this time you'll go home alone  
Shit is kinda nasty  
When you flipped the script girl you pushed me away  
Woah  
Got nothing to say-ay  
Get out of my way

Flip, get it  
Maybe I can hit it on the low?  
Take it down I just wanna hit it one more time for the road  
Bet your friends will tell you that I'm nasty  
You know when I hit it from the back I'm nasty  
You know when I hit it from the back I'm nasty, nasty  
You know when I hit it from the back I'm nasty

I gotta run  
I told her we've come to the end of the road  
You should think of way  
'Cause this time you'll go home alone  
Oh shit will get nasty  
When you flipped the script girl you pushed me away  
Got nothing to say  
Get out my way

Ooh oh  
Gone for the road  
Ooh oh  
Gone for the road
