

Secrets

Angel

I hear all your whispers
The sexy things you say
You're so naughty baby
'Cause you know I got her
Til you push your sword on
Tearing her apart now
We don't have no cross but
I'm inside of you

The mistake I'm makin
'Cause she ain't making
Yes I'm not alone
She knows her place and
Can't take place her place up
You're the one that I like

Trying to figure out
How to live without your smile
And I better turn it all around
Before I see you could try
And so what?

Hard to say
But it's getting hard to hide
I can't wait
'Cause it's everything on my mind

I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it
No, I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it

Your love
It's a losing game
And still I'm out of play
And I know that shit cray
And now I feel like her
Pull these off here like tha man I'm
Stand into attention
Still forget to mention
Nothing about you

Trying to figure out
How to live without your smile
And I better turn it all around
Before I see you could try
And so what?

Hard to say
But it's getting hard to hide
I can't wait
'Cause it's everything on my mind

I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it
No, I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it

Baby what you're tryna say
Joking now you're in the game
This is more than you can take
That's a losing game

Hard to say
But it's getting hard to hide
I can't wait
'Cause it's everything on my mind

I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it
No, I won't be your secret
I ain't gonna keep it
I won't be your secret
I ain't gonna keep it

It's me, I talked to the world a bit
Sell a bit, there's something you can help me with
Please don't tell me this
I don't wanna hear that it made you sick
I don't wanna hear that you feel the kick
I just wanna forget this fool exists
I don't wanna regret the fool a bit
Me and me plus you plus one
When I'm me plus two plus mum
Time's up by the fact that you knew that song
But I need that love
And I need that lust that's why I only got one chick in my life
One chick by my side, one chick to my ride
And I glide down, further we lay or it's yo time
Giving all flames a new fire

She's always waitin to the tell when I'm breathin
Yea, my other half of life, call on my angel like time after time
Time after time
Time after time
Time after time
