

Speed Seduction

Angel

Sometimes you want to taste
What isn't on the menu
That is only human nature
Your efforts to ignore me
Dancing on the floor
Have flipped the switch to
My attention

I get it get it
You wicked wicked
Me feel it feel it mmm
Quicker quicker
It's working working
I'm telling you

Speed seduction
Faster faster
Boy you've got me
Hurry hurry
Speed seduction
Faster faster
Boy you've got me
Hurry hurry

Whip lightening cuts the dark
Accelerating fast
Your rapid breathing motivates me
Speed swifter then a jack knife
Slicing through a white light
Racing up to over take me

Come on tell me what
It's all about
Step on the dance floor quick
Come on tell me what
It's all about
Step on the dance floor quick
Come on tell me what
It's all about
Step on the dance floor quick
Come on tell me what
It's all about
Step on the dance floor quick

Sometimes you wanna to taste
What isn't on the menu
That is only human nature
Shock rocket to the bed
Flip spinning on his head
We're just beginning our adventure

Slow down your going to fast
Whatcha trying to do to me
Slow down your going to fast
Whatcha trying to do to me

Slow down your going to fast
Whatcha trying to do to me
Owww
