Wild Guess

I want to confess All these thoughts that I've been thinking Get it off my chest After just one kiss I'm sinking

I know that you want me You know I do Don't try to read my mind Pay attention to my body language

[Chorus] It's a wild guess what we'll do next Gonna rock gonna roll oh we won't rest It's no wild guess what we'll do next Yes you can play I can tease have you begging on your knees

Yes I will on your knees

I can feel your breath Down my neck my heart is racing It ain't no dream It's your touch that I've been chasing

I know that you want me You know I do Don't try to read my mind Pay attention to my body language

[Repeat Chorus x2]

Yes I will on your knees

Oh did you ever think that everything would change Just by walking in the room Did you ever think the one you wanted Really wants you too

Did you Let's get out of here I've got to get out of this stress

[Repeat Chorus x2]

Begging on your knees
