

You Could Lose Me

Angel

Forty has got you turning green
You talk too loud and you run around all night
You tell lies but your eyes don't show it
I've had enough and I think you know it
You better change your ways or I'll change my mind

'Cause don't you know you could lose?
Yes, I said you could lose me
You could lose
Yes, I said you could lose me

Lately, you dress to cause a scene
In a fashion race with a passive look on your face
You shake you hips 'cause you like to show it
A little smile just to let them know it
You better listen close to what I have to say

'Cause don't you know you could lose?
And yes, I said you could lose me
You could lose
Yes, I said you could lose me

Well, I think I told you that I want to hold you
But I can't afford to let you walk away
'Cause my heart is aching, I can feel it breaking
From the love you're taking
I'm not used to feeling like I do

Anyway, every day after day
Though you said you would stay
Can't you see what you're doing to me?

Don't you know you could lose?
Yes, I said you could lose me
You could lose
Don't you know you could lose me?

Yes, I said, you could lose
Don't you know you could lose me?
You could lose
Don't you know you could lose me?

Yes, I said, you could lose
Don't you know you could lose me?
You could lose
Don't you know you could lose me?
