

Galaxy Of My Love

Angela Bofill

Time and space can never be enough
To hold my love
When I look right into your eyes
The love just shines

I saw you, you saw me
And that moment of ecstasy came down, forever
Time and space is a place where we virtue
Reality surrounds the love

I go deeper into your love
Fallin' deeper inside your love
It's a fantasy kind of love
Galaxy of my love

I saw you in my heart
Already knew, always home
And thankfully, the supreme
I seen it good to bless our lives, our ways
Mmm...

Happiness is the key to a space and eternity, and light
Mmm...
I love you, you love me
And I love expensive galaxy of time
Of time

I go deeper into your love
Fallin' deeper inside your love
It's a fantasy kind of love
Galaxy of my love
Of my love...

Oh, deeper and deeper...
Oh yeah... Mmm...
The love, the love...

I go deeper and deeper, and deeper and deeper inside your love
Ooh... oh whoa...
I go deeper and deeper, and deeper into your love
Deeper inside, deeper inside your love

I go deeper inside your love
Fallin' deeper into your love
Oh, it's a fantasy kind of love
Galaxy of my love
Oh, my starship just come to me...

Oh whoa, ooh whoa, whoa, whoa
I go deeper and deeper into your love
