

# Never Too Much

Angela Bofill

I had a dream somewhere out of the blue  
That you and I were falling in love  
Then I woke up, I saw that it was true  
And the love we have is filling me up  
Ooh, you filled my heart with so much joy  
And I just know it's our destiny  
To be together till the end of time for all eternity

It's never too much, all the love you're giving me  
It's never too much with affairs of the heart  
I'm needing your touch, need your body next to me  
And we'll never be apart

I'm looking back, seems like only yesterday  
When our inhibition's guiding the way  
Ah, we were best of friends  
Too scared to cross the line  
Of forbidden love we thought we would find  
And then suddenly, baby, the chains were broken  
I'm trusting you with my very soul  
A sweet surrender like I never knew  
And it's all because of you

It's never too much, all the love you give to me  
It's never too much with affairs of the heart  
I'm needing your touch  
Uh, need your body next to me  
And we'll never be apart

You take me away  
To another place, another time  
When I'm in your arms, it's paradise  
Warm and tender summer nights  
Off and on and on and on  
And on and on and on and on

Never too much, all the love you give to me  
Never too much with affairs of the heart  
I'm needing your touch  
Oh, need your body next to me  
And we'll never be apart

Never too much, all the love you give to me  
It's never too much with affairs of the heart  
I'm needing your touch, need your body close to me  
And we'll never be  
Never, never, never, never be apart  
(Never, never, never, never too much)  
(Never, never, never, never too much)  
(Needing your touch)  
Feel your body next to me  
And we'll never be  
Never, never, never, never be apart  
(Never, never, never, never too much)  
(Never, never, never, never too much)  
Needing your touch  
Feel your body next to me
