

# Penetration

Angela Bofill

I know you from somewhere  
Your touch is written on my skin  
I'm waiting to welcome you in

My current is blowing away  
And is riding with the tide  
I'm rushing to meet you inside

You light a white spark of fire  
And it's rising up my spine  
Whoa, whoa, whoa  
Down in confusion from my mind  
And it's really all the time

I feel the penetration  
In your conversation  
And it's good to me  
And it's good to me

I feel the penetration  
You're locked into my station  
And it's good to me  
And it's good to me  
It's so good to me  
It amazes me

I'm open completely  
My heart is safe in your hands  
My spirit is at your command

Come fill me with your love  
I'm about to overflow  
I feel the need to let it go  
And I wanna let you know

I feel the penetration  
In your conversation  
And it's good to me  
And it's good to me

I feel the penetration  
You're locked into my station  
And it's good to me  
Oh, so good, so good  
And it's good to me  
It amazes me

When your body speaks  
My flesh gets weak  
And I melt like a hot wax into the light

Come fill me with your love  
I'm about to overflow  
I feel the need to let it go  
And I wanna let it show  
I just have to let you know

I feel the penetration  
In your conversation  
And it's good to me  
And it's good to me

I feel the penetration  
You're locked into my station  
And it's good to me  
Oh, so good  
And it's good to me  
It's so good to me  
Oh, so good, so good  
It amazes me  
And it's good to me  
It amazes me  
I'm in ecstasy  
It's good to me  
It amazes me
