

Dirty Pearl

Angela McCluskey

She's not your average girl
She's just a dirty pearl
She might be priceless
But they're blind to it
She got that halter-top
She haunts the truck-stop
She's got several secrets
Scribbled on a matchbook

She's showing you her scars, isn't she
She's sleeping with the stars, isn't she

Oh
You can do what you like, boys
Oh
You can do what you please
Oh
Just be gentle with that girl
She's shining like a dirty pearl

Yeah
It's such a lovely world
You can have her for a rusty dime
When she gets her head
Around to it
She's gonna buy that chevy nova
And point it at the ocean

She's showing you her scars, isn't she
She's sleeping with the stars, isn't she

Oh
You can do what you like, boys
Oh
You can do what you please
Oh
Just be gentle with that girl
She's shining like a dirty pearl

Shining like a dirty pearl
Shining like a dirty pearl
She's shining like a dirty pearl
