Dirty Pearl

Angela McCluskey

She's not your average girl She's just a dirty pearl She might be priceless But they're blind to it She got that halter-top She haunts the truck-stop She's got several secrets Scribbled on a matchbook She's showing you her scars, isn't she She's sleeping with the stars, isn't she Oh You can do what you like, boys Oh You can do what you please Oh Just be gentle with that girl She's shining like a dirty pearl Yeah It's such a lovely world You can have her for a rusty dime When she gets her head Around to it She's gonna buy that chevy nova And point it at the ocean She's showing you her scars, isn't she She's sleeping with the stars, isn't she Oh You can do what you like, boys Oh You can do what you please Oh Just be gentle with that girl She's shining like a dirty pearl Shining like a dirty pearl Shining like a dirty pearl She's shining like a dirty pearl
