

Precious

Angela Winbush

Precious - special to me...

Your love is precious, so very
Special to me
Your love is precious, so very
Special to me

God gave me you
And you are my anchor that holds
So sure, so long to endure
And in these times
Love is more precious than
All the gold I could ever own

Your love is precious, so very
Special (Special to me, ooh)
Your love is precious, so very
Special to me

Your daily sacrifice
Quiet surrender
Secure me from
Those who would do me harm
You spare no devices
Strong yet tender
Always there to protect my respect
And keep me warm

Your love is precious, so very
Special to me
Your love is precious, so very
Special to me

Mmm, I couldn't ask much more of you
You've been the one I always run to
You're the one who never lets me down

Your love is precious, so very
Special to me
Your love is precious, so very
Special to me
...

You give me good lovin' baby
You give me good lovin' honey
Precious, yea

You give me good lovin' baby
You give me good lovin' honey
Precious, oh

Your love is precious to me
Never thought that you would love me
Take such good care of me

You give me good lovin' baby
You give me good lovin' honey

Precious
