

Heart Attack in Paris

Angelic Upstarts

There goes another one falling into line, falling for the over-
dose of the twisted mind.
Looking for excuses of the simple kind. No gratitude or knowled-
ge, now it's thinking time.

A heart attack in Paris, when I heard the news
A heart attack in Paris, I know who's gonna lose
A heart attack in Paris, the treatment is for fools
A heart attack in Paris, a rich man lit the fuse

As I stand for conviction to use it for you now. The secret of
salvation is tomorrow's mine.
So tell it to your father, tell it to your kids. It was persecu-
tion of a thousand years

A heart attack in Paris, when I heard the news
A heart attack in Paris, I know who's gonna lose
A heart attack in Paris, the treatment is for fools
A heart attack in Paris, the rich man lit the fuse
A heart attack in Paris, I'm killing in Saigon while the west s-
till come.

There goes another one falling into line, falling for the over-
dose of the twisted mind.
Looking for excuses of the simple kind. No gratitude or knowled-
ge, now it's thinking time.

A heart attack in Paris, when I heard the news
A heart attack in Paris, I know who's gonna lose
A heart attack in Paris, the treatment is for fools
A heart attack in Paris, a rich man lit the fuse
A heart attack in Paris, when I heard the news
A heart attack in Paris, I know who's gonna lose
A heart attack in Paris, this treatment is for fools
A heart attack in Paris, a rich man lit the fuse

I heard it in Vietnam, I heard it from the Vietcong, I heard it
in Saigon, I heard it in the news.
It is for fools.
