Student Power

Angelic Upstarts

Students try to put you down Try to knock you to the ground Because of the kind of clothes you wear Marten boots, outrageous hair Don't try to push me around I'm sick of being lost and being found Student power what a shower

Student power what a shower Student power what a shower Student power what a shower Oh what a shower

You've got your union rules They're only read by intellectual fools Try to stop us and soon you'll see You've got answers no for kids like me Pompous clowns they put us down Now it's your turn to drown Student power what a shower

You all talk about left and right It's not your blood that lost in the fight You're our future or so they say Wait for the day I have my say Read all about all you like But when we burn the books and start again Beethoven's Ninth all over again
