

# We Are The People

Angelic Upstarts

What do you do when you run out of scapegoats?  
What do you do when there's no one left to blame?  
Turn on the people, the people that made you.  
Turn on the people, try fooling us again

The corruption that happens is not at the bottom  
The corruption we have is all at the top  
We are the people, the people that made you  
And now you're screwing us for everything we've got

The stories, the stories, we've heard all the stories  
We've heard them so many times before  
You are the voice, the voice with the power  
Power you have, glory you have none

Turn on the people, the people that made you  
Turn on the people, try fooling us again  
Turn on the people, try fooling us again

What do you do when you run out of scapegoats?  
What do you do when there's no one left to blame?  
Turn on the people, the people that made you  
Turn on the people, try fooling us again

You think you're so high, so high and so mighty  
You can't get off, off the top  
You're all so bent, so bent and so twisted  
But we can see clearly, it don't take much to see through the lies

The screws at the bottom, the screws at the top  
Just look at the pawn [?]  
All of them make, all of them take  
They're not alone, this country's at stake

Turn on the people, the people that made you  
Turn on the people, try fooling us again [2x's]
