Leaders are hard to come by, followers are omnipresent  
Satisfied with a mediocre lifestyle

Satisfied with a mediocre lifestyle  
Satisfied

No one is setting a path for us to follow  
No one's striving to be on top

No one is setting a path for us to follow  
We will all fall in the end

In dying days

The path has been set, you're leading far astray  
Far astray

The path has been set, you're leading far astray  
Far astray

Bring the mother fuckin ruckus!  
Bring the mother fuckin ruckus!  
Bring the mother fuckin ruckus!  
Bring the mother fuckin ruckus!

In darkness

In darkness

Unfortunate as you may be, you'll never see the light

Someone must rise above, someone must precede

Unfortunate, you must precede  
Unfortunate

Leaders are hard to come by, followers are omnipresent  
Satisfied with a mediocre lifestyle  
Satisfied

No one is setting a path for us to follow  
We will all fall in the end

In dying days

As the time to rise approaches  
No one will take responsibility
