Oppressive Control

Angelmaker

Dominance manifested
You make me fucking sick
Your life defined
By justified discrimination

Cesspool of scum
You make me ashamed to be human

Oppressive control
Aimed at the minority
Power disease
You bring them to their knees

Cesspool of scum
You make me ashamed to be human

Unsettled when the lights are flashing red and blue
You've long lost my faith
Get fucked

You buried our justice in the graves out back
Power abuser
Fuck you

Zipped up in a body bag
Is the rightful place for fucking scum like you
Punish

One maggot too many in the pig pen
This is when
Suffering ends

Now the tables have turned, and everyone can see
This is the final sentence
Kill the power freaks

Stack the bodies
Stack the bodies
Stack the bodies
Stack the bodies
Stack the bodies
Stack the bodies
Stack the bodies
Stack the bodies
