

# Carcassonne

Angelo De Augustine

Asleep with the morning light  
Walking you home  
Found you in the garden with  
Pockets of gold  
I forgot the future and the time

Would you be the only one  
In my life with my love?  
I've been running

And you help me realize  
There ain't much time in life before the lights go down  
So I want to tell you now

You're laying in my white bed  
Sleeping in my thoughts  
On a trip to Carcassonne where  
Our dreams won't get lost  
I forgot the past and all its woes

Would you be the only one  
In my life with my love?  
I've been running

And you help me realize  
There ain't much time in life before the lights go down  
So I want to hold you now

For a few weeks I'll be obligated to play my songs and travel on the road  
All I want when I get back home is to see your face and lie with you alone  
I'll do my best to show you  
How much I want to know you  
To know you

Your grandma and grandpa give  
You all of their love  
I want to stay beside you through  
These times that are tough  
I can't always trust what's on my mind but I know

You could be the only one  
In my life with my love  
I've been running

And you help me realize  
There ain't much time in life before the lights go down  
So I want to know you now  
Yeah I want to know you now  
I want to know you now
