

Haze

Angelo De Augustine

Looking all around for someone new
Up and down and right in front of you
Staring in the mirror is all you do
Tell me how long
Tell me how long

Who opened up my mind?
Haze took me so high

Could you be my, could you be my
Could you be my love?
Could you be my, could you be my
Would you be my love?

No one knew how long they had
Shot me down or shoot another man
Caught inside such a familiar trap
Tell me how long
Tell me how long

Who opened up my mind?
Haze took me so high

Could you be my, could you be my
Could you be my love?
Could you be my, could you be my
Would you be my love?

How did you know
How to carry this song
Opened up after closing so long
Now you're right and nobody's wrong

Could you be my, could you be my
Could you be my love?
Could you be my, could you be my
Would you be my love?
