

# I'll Wait For The Others

Angelo De Augustine

I'll wait for the others  
I'll wait for the others

It's a matter of fact  
You see but you don't act

I'll wait for the others  
I'll wait for the others

So you found a friend  
Capable to mend the ton  
That for no one  
Now you've rearranged my son  
Taken up to swim inside the moon  
Insatiable for you  
Land and trees on

I'll wait for the others  
I'll wait for the others
