

# Please Know That I'll Be Around

Angelo De Augustine

When they say  
You radiate only mistake  
To change the past  
You must make your love last

If you're gonna do anything  
Please know that I'll be around  
When you open up the door

Stay at home  
Create it on your own  
To share  
With family who care

Will you react like a mother  
Will you react as a sister  
Or with love for another
