

Somewhere Far Away From Home

Angelo De Augustine

All the love in your life
Is on my wall
And I felt that I
Couldn't fall

To be not with you still
When you're gone and I can't protect you

Though it's been a while
Tell me where that I should roam
Find a simple life
Somewhere far away from home

All the love in your life
Didn't last too long
And it broke my heart
To watch you fall

To be not with you still
When you're gone and I can't protect you

Though it's been a while
Tell me where that I should roam
Find a simple life
Somewhere far away from home

Oh baby you tried
Oh baby you tried
Oh baby you tried
Oh baby you tried
And oh baby you tried
Oh baby you tried
And oh baby you tried
Oh baby you tried
